

Re: Letter of Donation

To whom it may concern,

Amerigroup has been a premiere HealthCare company in NJ since 1996, providing benefits to children, families and adults through NJ FamilyCare. At Amerigroup, health and well-being are our top priorities. We partner with community organizations and providers to ensure that our members have access to needed health care and other social supports.

Amerigroup is currently partnering with Shoes for Soles, a nonprofit organization created in 2016 focused on providing shoes to those in need. Since its founding, Shoes for Souls has donated more than 45,000 pairs of shoes to those in need. In conjunction with this organization, we would like to sponsor an event to provide shoes and socks to the students in need living in the north ward of Newark, as identified by the Thirteenth Avenue/Dr. MLK Jr. School and other local schools.

We understand there is a possibility of 500 students attending this event. With that said, as a sponsor , we are estimating the donation amount in shoes and socks to be valued at approximately \$12,500.00.

Amerigroup sincerely hopes that our contribution of shoes and socks to the children in need will help them build confidence and continue to be successful throughout the school year.

Best Regards,

*Anya Nawrocky*
